Central Tech, a member of  
Oklahoma's CareerTech system.

Central Technology Center, in compliance with Title VI of the Civil Rights Act of 1964, Title VII and Title IX of the Education Amendments of 1974, Section 504 of the Rehabilitation Act and the American with Disabilities Act (ADA), does not discriminate on the basis of race, color, religious creed, national origin, age, sex/gender, disability or veteran status in any of its policies, practices or procedures. These equal opportunity provisions include, but are not limited to, admissions, employment, financial aid and educational services. Central Tech offers career and technical training under the national career cluster framework. Admission is open to interested students.

# Turning Point

## What is Turning Point?

Turning Point is a joint program between Central Technology Center and area high schools.

Turning Point provides academic and technical training opportunities to students (age 16-19) who have dropped out of school or are at immediate risk of dropping out of school.

## How does it work?

High school liaisons will identify students who are eligible for Turning Point. The student will stay enrolled at the high school, but will attend all classes at Central Tech. This allows learners to receive a high school diploma from their high school upon completing the program and meeting high school graduation requirements.

## Is it the same as a GED?

No. A GED is a high school equivalency exam. With Turning Point, students are still enrolled as a high school student and will receive a high school diploma from their school.

Turning Point allows students to attend Central Tech tuition free - receiving academic coursework required for high school graduation and technical training simultaneously.

## Are you interested?

Turn your life around, and get back on track by calling today to see if you meet Turning Point requirements.

## Participating High Schools...

Bristow | Cleveland | Davenport | Depew | Drumright | Hominy | Kellyville  
Mannford | Mounds | Oilton | Olive | Ripley | Sapulpa

We continue to add schools to our participant list. If you do not see your school on the list, please call to see if they recently joined.

## Isn't Central Tech a technical school?

- Yes, and more. Central Tech offers hands-on technical training to high school students and adults. In addition, Central Tech offers academic classes, credit recovery and Turning Point. Students can receive the credits needed in English, math, science and social studies.
- Highly qualified teachers assist Turning Point students with academic classes for half of the day, and students choose from one of Central Tech's 110 career majors for the other half of the day.
- Academic courses are internet-based through Odyssey Ware. This program allows students to work at their own pace.
- Students may also choose to work on assignments from anywhere with an internet connection.
- Small class sizes give students the ability to receive more one-on-one instruction.
- The self-paced individualized training with open entry and open exit classes provides a great benefit to students.

## What technical training do I choose?

Central Tech offers more than 100 career majors that can be categorized into these industry clusters. There are hundreds of career choices in the clusters below. Central Tech recruiters can help you make a choice that's right for you.
