Career Majors
Estimated Tuition Books & Fees

Professional Truck Driver (Adult Only)
Students in this major will receive the training necessary to become professional truck drivers. They will learn how to properly operate an eighteen-wheeler, including how to shift, backup, and basic controls. Speed and space management, night operation, and how to drive in extreme conditions will also be included along with emergency maneuvers and hazard awareness. Students will also learn how to do preventative maintenance, troubleshooting and vehicle inspection. Cargo handling and documentation, trip planning, driver health and safety, and accident procedures will also be included in the major. Students will have an opportunity to perform driving skills on training grounds and in live traffic. After the completion of this major students will be eligible to take their CDL exam to receive their license.
